

Luke 24:1-11

1. What evidence is there in these verses that anyone following Jesus believed he would rise from the dead? What indication is there of doubt?
2. The disciples, (including the women) were told by Jesus all this would happen. (See Luke 9:20-21) How could they have that information and still be so skeptical? Try to put yourself in their shoes before passing judgment?
3. What are the events, issues or circumstances that cause you to doubt Jesus? How do you work through those moments or what would be helpful for you in times of spiritual uncertainty?
4. How does God meet these folks struggling with disbelief? Do you see a mixture of compassion and truth?
5. How do you engage with men and women today who doubt the message of the resurrection?
